

Permit Fees and Licensing Time Frames

The Engineering Department has in effect the following Permit Fees and Licensing Time Frames:

Permit Fees			
Permit/License Type	Sub-Type	Fee	Effective Date
Right of Way	All	\$30 (Note 1)	March 16, 1992
Encroachment	Substantial	\$30 (Note 2)	March 16, 1992
Encroachment	Non-Substantial	None (Note 2)	March 16, 1992
Fire Line Connection	All	None	N/A
Sewer Tap	Inside City	\$50	February 5, 1990
Sewer Tap	Outside City	\$100	February 5, 1990
Sewer Connection	All	None	N/A
Industrial Waste Discharge	Significant Industrial User	None	N/A
Industrial Waste Discharge	General	None	N/A

Notes:

1. The applicant shall pay an additional \$30 for each pavement cut. For permits that involve trenching parallel to the street center line, a fee of \$10 per 100 linear feet shall be charged. For permits involving street improvements, an inspection fee equal to 2% of the estimated construction costs shall be charged.
2. For both Substantial and Non-Substantial Encroachment Permits, the Applicant shall be responsible to pay any applicable costs for publication and recordation.

Permit Licensing Time Frames				
Permit/License Type	Sub-Type	Administrative Completeness Review	Substantive Review	Overall Time Frame
Right of Way	All	N/A	N/A	N/A
Encroachment	Substantial	16	53	69
Encroachment	Non-Substantial	16	37	53
Fire Line Connection	All	N/A	N/A	N/A
Sewer Tap	Inside City	N/A	N/A	N/A
Sewer Tap	Outside City	N/A	N/A	N/A
Sewer Connection	All	N/A	N/A	N/A
Wastewater Discharge	Significant Industrial User	16	60	76
Wastewater Discharge	General	16	60	76

Notes:

1. Permits marked "N/A" are normally issued within seven business days and therefore are not applicable to the Licensing Time Frame requirement in ARS 9-835.
2. All Time Frames shown are business days and exclude Saturdays, Sundays and City Holidays.
